- 🌐 [linkedin.com/in/esther-nam](https://linkedin.com/in/esther-nam)

Nine years in ed-tech, most recently designing AI-assisted tools for higher education.

### Experience

Mar 2024 — May 2026

PEARSON

Remote · Higher Ed

#### Senior Product Designer

- Led a cross-product UX audit of Pearson's "Generate" AI assessment portfolio (Writing Solutions + Freehand Grader), anchoring roadmap planning across product, engineering, and design.
- Led v1 redesigns within the Generate suite, including the Writing Solutions assignment-creation flow.
- Won Best Solution for User Impact at Pearson's 48-hour AI Training & Hackathon (2025) for Focus Gym — a gamified environment where students "level up" their ability to sustain concentration through spaced, progressive training.
- Presented design decisions in bi-weekly DTC UX shareouts to keep cross-team work aligned.

Apr 2021 — Mar 2024

PEARSON

Remote · Higher Ed

#### Interaction Designer

- Re-designed Pearson Collections, driving an 85% YoY increase in total subscriptions and a 15% lift in digital conversions.
- Shaped Pearson+ Job Match from closed POC to public MVP — shipped the unauthenticated home, Careers section, and Work Style Lens™ assessment, with moderated user testing and WCAG 2.1 AA accessibility annotations owned end-to-end.
- Contributed to a scalable design system, aligning typography, color, and components across UX teams.

Nov 2017 — Apr 2021

PEARSON

Boston, MA

#### Associate Interaction Designer

- Produced wireframes, interactive prototypes, and high-fidelity mockups across instructor- and student-facing learning products.

May — Nov 2017

GENERAL ASSEMBLY

Boston, MA

#### UX Teaching Assistant · UXDI

- Mentored students through research, wireframing, and prototyping; gave portfolio-level feedback in cohort reviews.

Apr 2017

VOATZ

Boston, MA

#### Product Designer

- Designed mobile-first flows and prototypes for a secure mobile voting platform.

### Skills

- Interaction design
- Visual design
- Design systems
- Information architecture
- Heuristic audits
- Moderated user testing
- Usability testing
- Funnel & attrition analysis
- Accessibility (WCAG 2.2 AA)
- AI product design
- Rapid prototyping
- Cross-functional facilitation
- HTML / CSS / JS
- React (working)

TOOLS — Figma · FigJam · UserTesting.com · Pendo · Claude Design · VS Code
